Gravelly 8 HP Lawn Tractor w/34" Mower and Hauling Cart

Gravelly 12 HP Riding Tractor w/40" Mower and Hauling Cart

Give your back a rest. Don't strain it or over-work yourself by lifting and carrying those heavy materials. Just put them into a Gravelly Hauling Cart and make short work of otherwise long, tiresome jobs. Haul the material where you want it and then dump it by using the cart's handy dump lever; located so you can operate it from the driver's position.

The Gravelly Hauling Cart is an all-steel unit — hauls up to half-ton loads — is attached and detached quickly. Features Pneumatic tires.

Models available for all Gravelly 4-wheel Riding Tractors, 408 Lawn Tractor, and 2-wheel Convertible Tractors.

Gravelly...the one to buy first because it lasts!

For more information and a free demonstration, see or call us today. We'll be more than happy to counsel you on the best equipment for your particular job requirements.
